01 ABOUT US

Built on Trust, Driven by Innovation

A business management solution provider from Hyderabad

We develop innovative, market-driven products using state-of-the-art technologies to meet specific sector needs, and we keep your systems, websites and data secure.

Innovative Matrix Softech specialises in business management software, consultancy, valuation, project management, video streaming, user authentication, biometrics, monetising software & data, USB dongle based licensing, and Cyber Security Audit, Website Security (Ethical Hacking) and Data Security Audit. We also manufacture BIS-certified USB dongles, and plan to manufacture cameras and other devices.

OUR VALUES

With a strong belief in the doctrine of KARMA, we conduct all our business with honesty and integrity. We respect Mother Earth and ensure minimum use of resources in all our activities.

WHAT WE DO

Software Licensing & Protection

BIS-certified USB dongles, code porting, obfuscation and anti-reverse engineering.

Custom Software Development

Desktop, web and cloud software built around your process.

ERP / BPMS / CRM

ProcessGrid: AI-enabled, DPDP-compliant platform for your business.

Data & Font Licensing

TSafe DRM for Fonts, PDF, Video, VFX and Files. A world first for fonts.

Data Security Audit

DPDP Act 2023 readiness, data leakage checks and access reviews.

Cyber & Website Security Audit

VAPT, ethical hacking of websites and apps, network and cloud reviews.

GST & Taxation Software

SwiftGST invoicing, return filing and GST advisory.

ISO Documentation & Consulting

Trusted by leading Indian corporates; 100+ organisations worldwide.

Valuation

Asset and technology valuation for HSBC Software, PehchanPro, Jones Lang LaSalle, Rational & more. Single INR 419 Cr AI valuation done.

INR 419 Cr	**100+**	**Car Wheels**	**EAL 5+**
PehchanPro AI valuation in 2012	Organisations served in ISO consulting and training	First-in-India car wheel alignment system	Smart-card chip dongles

02 SOFTWARE LICENSING & PROTECTION

Stop Piracy. Monetise Every Copy.

TSafe® dongle licensing for software developers

TSafe® ties your software to a secure, BIS-certified USB dongle that we manufacture. Protected software runs from an AES-256 encrypted virtual drive through the TSafe launcher, with no change to your source code, so users never get hold of the original files.

Windows • Linux • macOS | BIS licence R-63004766 (IS 13252 Part 1 / IEC 60950)

IS 13252 (Part-1) / IEC 60950
R - 63004766

FOUR LICENSING OPTIONS

Dongle
Software works only with the dongle

Dongle + Expiry
Works with the dongle for a set period

Dongle + Machine ID
Works on one computer, with the dongle

Dongle + Machine ID + Expiry
One machine, set period, with the dongle

AUTHENTICATION

Basic Dongle

- 128-bit AES binding & secure channel
- 3 KB secure storage, fast execution
- Envelope encryption (C / C++), no source code
- HMAC authentication, remote update
- Driverless (HID standard)

ELITE EL / GENII

Code Port Dongle

- EAL 5+ 16-bit smart card chip
- Key code runs inside the dongle
- PIN self-lock, unique serial number
- Hardware RNG & built-in timer
- Windows / Linux / Mac; 2.8 g only

iBinder

NEW DESIGN DONGLE

Software Protection

- Obfuscation of compiled code
- Anti-reverse engineering layers
- Enveloping for .NET (32-bit) & C++
- Licence expiry, module-wise & network licensing

FOR MACHINES

Industrial Dongle

- Circular-mounted for vibrating / moving machines
- Source code protection via code porting
- Unique ID per customer & product

BIS Certified | **No Source Change** | **Remote Update** | **Win / Linux / Mac** | **Made in India**

Protect Every Digital Asset

Fonts, documents, videos and files under your control

WORLD FIRST

TSafe® DRM for Fonts

One of its kind in the world: no other product offers this. Installing a font only takes copying a TTF/OTF file, so font designers lose huge licensing revenue. TSafe closes that gap.

- Installs fonts from a secured, read-only location
- Font files cannot be copied or transferred
- Prevents font embedding in documents
- Secure USB dongle, with or without expiry date
- All versions of Windows

ONE OF ITS KIND IN THE WORLD

MORE CONTENT LICENSING

PDF & Video Licensing

For teachers & trainers monetising expertise. Windows, macOS & Linux; dongle or single-use online key.

File Licensing

Excel, Word, PowerPoint, Photoshop, After Effects, Premiere Pro, Edius & more open only with the dongle. Print & export can be blocked.

VFX Licensing

For wedding & studio photographers: Edius, Pinnacle Studio, After Effects, Premiere Pro.

Language & Keyboard Selector

Any language (UNICODE), any keyboard: Inscript, Phonetic, Remington, Kagapa.

DATA PROTECTION PRODUCTS

Hidden Drive

A drive visible only when the dongle is connected, with extra password security.

Windows Security

Dongle + password login for Windows desktops and servers.

Secure Pen Drive

Password protected; 4 / 8 / 16 GB; 1 lakh writes & 1 million reads.

04 ERP / BPMS / CRM

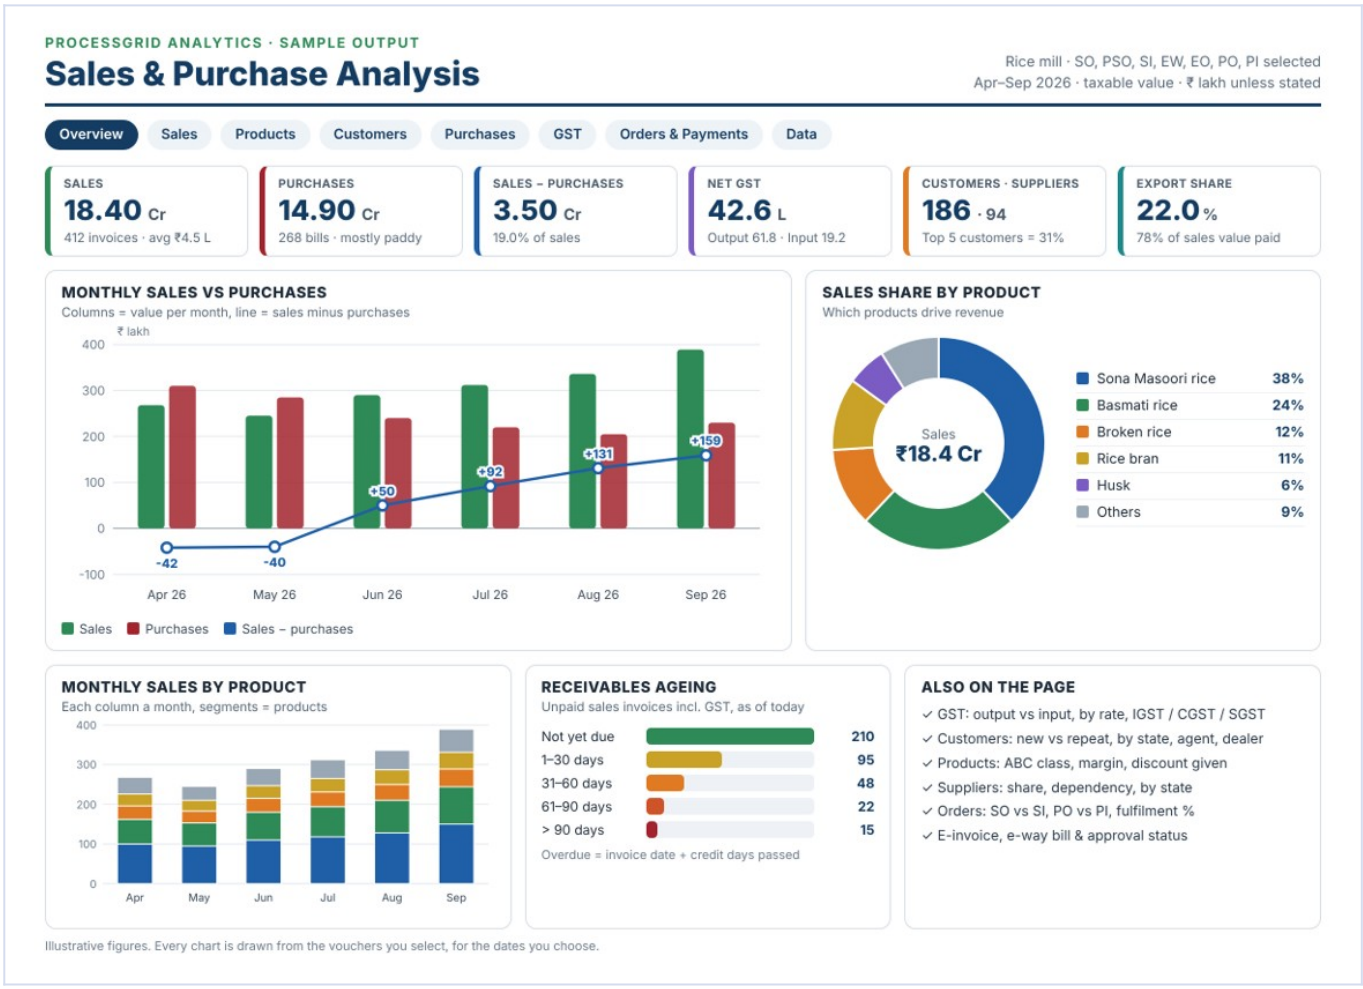

ProcessGrid

One AI-enabled platform • www.ProcessGrid.in

"Your business isn't modular. Why should your software be?"

READY FOR LAUNCH

ERP, business process management and CRM on one platform: sales, operations, accounts and people work from the same live data.

AI-Enabled
Drafts replies, automates tasks

ERP + BPMS + CRM
One connected platform

Workflows
Approvals, end to end

Multi-Sector
Real estate, hospitals, factories, services

Cloud / Self-Hosted
Our cloud or your servers

DPDP Compliant
DPDP Act, 2023 ready

05 CUSTOM SOFTWARE DEVELOPMENT

Your Process. Your Software.

And, if you need it, your source code

We design and build desktop, web and cloud applications around your exact business needs, from requirement study to deployment and support. Source code ownership can be transferred to the client.

Requirement Study › **Design** › **Development** › **Testing** › **Deployment** › **Support**

DELIVERED PROJECTS

FEATURED PROJECT BITS PILANI, HYDERABAD CAMPUS

Hybrid Class Management

Classroom and online teaching managed together for one of India's most prestigious institutes.

- Timetable with clash detection
- Biometric / face attendance
- Auto-attendance on joining stream
- HTTPS-secured streaming

FIRST IN INDIA

Car & Truck Wheel Alignment

- Up to 18 wheels / 9 axles
- IR cameras & special target plates
- Source code owned by client

FOR EDUCATION

Question Paper Generator

- Unlimited sets, same difficulty
- Question & option shuffling
- Editable Word output, answer sheet

TAXATION

SwiftGST

- GST-compliant invoicing & reports
- Returns generated & filed directly
- GST advisory & consulting

Have a process off-the-shelf software can't handle? Talk to us: +91 89190 39916 | mail@isohelpline.com

06 CYBER & DATA SECURITY AUDIT

Find the Gaps Before Attackers Do

Audit, test and comply with confidence

Our audit team assesses your IT infrastructure, websites, applications and data handling against recognised standards (ISO/IEC 27001, OWASP, CERT-In guidelines and the DPDP Act 2023) and gives you a clear, prioritised plan to fix what matters.

Cyber Security Audit

- **VAPT:** internal & external
- Network architecture, segmentation & firewall rules
- Server & endpoint hardening
- Active Directory & password policy
- Patch, antivirus & EDR review
- Wi-Fi & wireless security
- Email security & phishing simulation
- Cloud configuration review
- Backup, DR & ransomware readiness

Website Security (Ethical Hacking)

- OWASP Top 10 testing
- SQL & command injection
- XSS & CSRF
- Authentication, session & access control (IDOR)
- SSL/TLS & security headers
- API security (REST / SOAP)
- Mobile app security (Android / iOS)
- CMS plugin vulnerabilities, malware & defacement
- Secure code review (SAST)

Data Security Audit

- Data discovery & classification
- DPDP Act 2023 gap assessment
- Consent & privacy notice review
- Encryption at rest & in transit
- Access rights & privileged users
- **Leakage checks:** USB, email, cloud
- Database security & audit trails
- Vendor data-handling review
- Breach response readiness

OUR AUDIT PROCESS

Scope & Plan › **Assess** › **Test & Exploit** ethically › **Report** › **Fix & Re-test**

WHAT YOU GET

- Executive summary for management
- Findings rated Critical / High / Medium / Low
- Proof of concept for each vulnerability
- Step-by-step remediation guidance
- Re-test after fixes
- Staff awareness training & policy templates
